COSTILLA COLORADO ARCHITECTURE COMPETITION

Official Competition Brief

Vision

An interdisciplinary architecture competition exploring architecture, music, fashion, agriculture, and environmental design within a creative campus in Costilla County, Colorado.

Design Challenge

Architects are invited to develop their own vision. The competition establishes environmental goals and program relationships rather than prescribing a fixed design.

Environmental Priorities

Passive solar design, daylight, thermal comfort, wind response, water stewardship, dark-sky lighting, and climate-responsive materials.

Confirmed Jury

Steven Clarke — Architecture
Tommy English (@iamtommyenglish) — Music
Mano Samaras (@manoagency) — Fashion

Sponsors

Seeking partnerships with solar, water, construction, materials, fabrication, lighting, and environmental technology organizations.
